EXPERIENCE

Full Stack Web Developer + Web Creative

Sacramento, CA · 2008 - present

Custom web development, design, and branding in business, media, and civic data sectors. From small static sites to scaled web apps with distributed deployment. Python 2/3 and javascript, and PHP through gritted teeth when necessary.

Source code from a recent open source project [here](#).

Portfolio [here](#).

Co-Founder & CTO · Vigilant Web

Sacramento, CA · 2015 - 2017

Conceived and built the core technologies & UI behind [Vigilant](#), a powerful public data search & monitoring tool for instant research and meaningful intelligence.

Customers include some of the largest political campaigns and firms in the world: Hillary For America, Edelman, BuzzFeed, Hill & Knowlton, NextGen Climate

Launch incubator alum backed by investor Jason Calacanis (Uber, Thumbtack).

Written about in the *Wall Street Journal* and *GovTech.com*.

Web Publisher & CTO · Tape Op Magazine

Sacramento, CA · 2009 - 2015

Digital presence from scratch across multiple channels: [editorial website](#), digital magazine, social media, direct email, online ad campaigns.

Expanded web traffic from nothing to 200K visitors/month and a social media presence of 100K followers across Facebook and Twitter.

Doubled circulation over 2 years by building a custom unified print + digital subscription system.

Record Producer

Bay Area & Los Angeles, CA · 2002 - 2011

Produced, arranged, tracked, and mixed albums and EPs for independent musicians in California's major music markets.

EDUCATION

Berklee College of Music, Boston, MA

BA · summa cum laude · 2000
